Made in **Germany**

SEE**HEAR**EXPERIENCE

Metz – always first class.

Simply superior television.
With a Metz.

Metz always first class

We have been developing and manufacturing high-quality televisions in Germany for over 80 years, making us one of the longest established consumer electronics companies in the country. Metz televisions represent impressive technology made in Germany and multi-award-winning brand quality that inspires consumers and experts alike – for anyone who simply expects more from a television.

Contents

Technology with vision.
Made in Germany.

Quality made in Germany

To guarantee our exceptional quality and continuously introduce new innovations, we develop and manufacture our televisions in Germany. For us, "Made in Germany" is both a duty and an obligation.

Sustainability future-proof and durable

Metz TVs are repeatedly awarded for their high quality and durability. Regular software maintenance keeps Metz televisions up to date for a long time. Our reliable service and repair concept, supported by local retailers, also saves resources.

Our values shape our actions.

Perfection in technology and design

Breathtakingly clear pictures, brilliant spatial sound and excellent design – Metz televisions stand for the highest technical standards in every respect.

User friendly intuitive and innovative

As simple as possible: Metz televisions can be operated effortlessly and customised flexibly to suit your personal requirements via their innovative Tri-Star operating system.

Future through sustainable technology

With their high-performance technology and regular software maintenance, our televisions are well equipped for the future. First-class manufacturing quality means our televisions are built to last.

Service close to people

Metz televisions are available exclusively from authorised dealers, and there is a good reason for this: we want our customers to benefit from expert advice and top-quality service.

Experience intense and vivid images.

OLED the best television experience you'll ever have

With 33 million self-illuminating subpixels that can all be controlled individually, the OLED panel technology offers unsurpassed picture quality with the finest colour nuances all the way to true black.

Direct LED the better LED technology

Our LCD TV models with direct LED backlighting feature specially designed and developed premium panels. With up to 160 dimming zones, even dark scenes look realistic and natural.

MetzVision ausgezeichnete Bildqualität

The high-performance MetzVision picture technology optimally prepares incoming picture signals – for lifelike colours and flowing movements.

A first-class picture calls for first-class sound.

MetzSound crystal clear and powerful

Metz places the highest emphasis on excellent sound quality. Specially developed signal technology and high-performance sound systems ensure a listening experience that does justice even to a TV broadcast of a classical concert.

Audiophile sound for a unique TV experience

Our sophisticated sound technology with up to six forward-facing speakers plus a subwoofer makes you sit up and take notice – even when it comes to the spoken word. This is what makes television a truly unique experience. You'll be amazed at the unique sound of your Metz television.

High-quality televisions in equipment and materiality.

Excellent design skilfully realised

Our Metz TVs are made from premium materials using first-class workmanship – from the stand to the remote control. With their clear design language, they blend in well with any ambience and captivate with their timeless elegance.

Hard disk recorder watch tv independently

Our Metz digital recorder (PVR) sets you free from the constraints of linear television – and using it is child's play. Record up to two programmes at once while watching another or simply pause live programmes.

Twin multi-tuner two programmes at the same time

The integrated twin multi-tuner allows you to receive two of any type of reception at the same time – whether via satellite, cable or aerial. This allows you to record one programme and watch another or, thanks to the picture-in-picture function, to superimpose a second programme on the current TV picture.

OLED UHD

Metz LUNIS

65" | 55" | 48" | 42"

/ Picture and Sound

- **Picture technology index: MetzVision 2000**
- Brilliant sharp UHD resolution: 3840 x 2160 pixels
- OLED technology for unrivalled picture quality at increased energy efficiency thanks to 33 million individually controllable subpixels
- HDR standards: HDR10 / HLG / Technicolor® / HDR10+™ / Dolby Vision™

- **High-quality audio:**
- MetzSoundPro system with rich, spatial sound and a highly efficient 3-way, partially active system with subwoofer

/ Features

- Hard disk recorder (PVR) with 1 TB storage capacity
- Twin multi–tuner for digital and analogue TV via cable and aerial as well as digital satellite (2× DVB-C / -T2 / -S2)
- OLED plain text display for channel name or time
- Integrated network function via LAN and WiFi
- Integrated *Bluetooth*® function with Qualcomm® aptX™
- Metz media system with Media Player
- Network function (Multiroom, Smart TV portal, HbbTV and internet radio)
- Timeshift function
- Twin recording function for convenient recording
- Double CI+ slot for 2 CA modules (for pay TV)

Energy efficiency category **F** Lunis 65 **G** Lunis 55, 48, 42   *All technical data on page 26-28*

Sensational at every moment.

Acoustic fleece in black with brushed aluminium trim in brilliant black. The rotating table stand boasts impressively high-quality materials: sturdy aluminium on a solid glass plate, rounded off by a distinctive ring, also made of aluminium.

OLED UHD

Metz AURUS

Aurus 55   Aurus 48

Fascination meets character.

Brilliant black brushed aluminium trim Acoustic fleece in anthracite conceals the soundbar. The rotating base featuring a black back-painted glass plate provides stability.

Direct-LED UHD

Metz TARIS

50" | 43"

/ Picture and Sound

- ■ **Picture technology index: MetzVision 800**
- – Brilliant sharp UHD resolution: 3840 x 2160 pixels
- – Direct LED backlight with local dimming for outstanding picture quality and high energy efficiency (the 43" screen has 112 dimming zones and the 50" screen has 160 dimming zones)
- – HDR standards: HDR10 / HLG / Technicolor® / HDR10+™

- ■ **High-quality audio:**
- – MetzSoundPro sound system with rich, immersive sound and 2-way bass reflex system with six speakers for balanced treble and bass tones
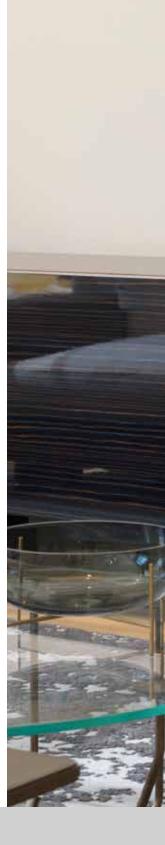

/ Features

- – Hard disk recorder (PVR) with 500 GB storage capacity
- – Twin multi–tuner for digital and analogue TV via cable and aerial as well as digital satellite (2× DVB-C / -T2 / -S2)
- – OLED plain text display for channel name or time
- – Integrated network function via LAN and WiFi
- – Integrated *Bluetooth*® function with Qualcomm® aptX™
- – Metz media system with Media Player
- – Network function (Multiroom, Smart TV portal, HbbTV and internet radio)
- – Timeshift function
- – Twin recording function for convenient recording
- – Double CI+ slot for 2 CA modules (for pay TV)

Energy efficiency category　⬛ **G** ▶　　　*All technical data on page 26-28*

For captivatingly individual TV moments.

The surround and the rotating base are made of anodised silver brushed aluminium. The subtle glossy border and fine metal front of the soundbar give it an elegant touch.

Direct-LED UHD

Metz CALEA

50" | 43"

/ Picture and Sound

- **Picture technology index: MetzVision 400**
- Brilliant sharp UHD resolution: 3840 x 2160 pixels
- Direct LED backlight with local dimming for outstanding picture quality and high energy efficiency (16 dimming zones)
- HDR standards: HDR10 / HLG

- **High-quality audio:**
- MetzSoundPro sound system with rich, immersive sound and 2-way bass reflex system with six speakers for balanced treble and bass tones

/ Features

- USB-Recording
- Twin multi–tuner for digital and analogue TV via cable and aerial as well as digital satellite (2× DVB-C / -T2 / -S2)
- Integrated network function via LAN and WiFi
- Metz media system with Media Player
- Network function (Multiroom, Smart TV portal, HbbTV and internet radio)
- Timeshift function[1]
- Twin recording function for convenient recording[1]
- Double CI+ slot for 2 CA modules (for pay TV)

Energy efficiency category **G** A↑G

[1] when connecting an external hard drive

The essence of television.

Black anodised trim with graphite grey acoustic fleece and black aluminium surround. The rotating black glass stand ensures a secure base.

Enjoy music completely free of cables

Headphones

– Well-balanced, high quality sound with the latest *Bluetooth®* aptX™ HD technology (Version: V5.0 / Supported profiles: A2DP, AVRCP, HFP, HSP, aptX™ HD)
– Superior, fatigue-free comfort thanks to soft memory foam ear cushions and ergonomic, flexibly adjustable silicone headband
– Active noise cancellation (ANC)
– Wireless *Bluetooth®* or wired connection and High battery lifetime (Li-ion battery)
– Easy to carry thanks to foldable headband
– With the use of a Metz TV lip-sync audio behaviour
– Integrated double microphone (headset) and sound control
– Easy to control using integrated pushbuttons in the ear caps

Decorative and ingenious

TV stand rack

– Rack W × H × D: 53,0 × 114,0 × 53,0 cm
– Weight: 20,7 kg
– Colour: Silver / black
– Rotation angle: +/– 45°
– Recommended for all screen sizes of the Lunis, Topas, Aurus, Alegra, Fineo, Taris, Calea, Micos, Planea families and Cosmo 43

/ Example Calea on the elegant stand rack

For sound with depthness

Subwoofer

– Closed, torsion-resistant and low-resonance
  MDF housing construction
– 1x 8" woofer (4 Ohm) with 2x 8" passive drivers
– Crossover frequency, adjustable: 50 – 150 Hz
– Music power output: Class D power amplifier 60 W
– integrated operating concept in combination
  with Metz TVs from chassis generation 616 (TX
  models) and 618 (TY models)
– Power switch, LED operating status display,
  auto on/off, volume control and crossover
  frequency control
– *Bluetooth®,* S/PDIF digital audio input (optical),
  3.5mm jack and cinch
– Dimensions (W x H x D): 26 x 30 x 28 cm
– Weight: 7 kg / Colour: Black

Optional design base

Metal base

The table base is available as an option. This can
now be ordered in two sizes. The adapter of the
purchased device must be used for assembly.

– 99KA50 – for 42" to 50" devices /
  Dimensions (WxH): 49 x 30 cm / Weight: 6,8 kg
– 99KA65 – for 55" to 65" devices /
  Dimensions (WxH): 57 x 30 cm / Weight: 8,0 kg
– Colour: Black
– Rotation angle: +/– 30°
